## ACCOMODATION:

“Hate Moss” don’t have any specific request, the only thing we care is to have a clean place to sleep and take a shower.

One bedroom is fine as we are a couple.

## FOOD:

We eat and drink everything. Even better if it’s local food.

## TRANSPORT:

If arriving by car it would be preferred to have a private park or a safe place for parking close to accomodation.

Any differect logistic can be discussed directly.
